3-LAYER CONSTRUCTION

America's Favorite Garage Doors[®]

Model GD2SU with Ultra-Grain[®]
Medium Finish Paint Option

clopay.com

GALLERY[®] collection

The Gallery[®] Collection three-layer construction provides exceptional strength, energy efficiency and dent resistance as well as a beautiful carriage house appearance. The 2" or 1-3/8" thickness of Intellicore[®] polyurethane or polystyrene insulation and thermal break makes these doors heat and cold resistant while the tongue-and-groove joint helps seal out wind, rain and snow. Available in short and long panels with multiple window options, the three-layer Gallery[®] Collection is virtually maintenance-free, so the first fabulous impression becomes a lasting impression.

intellicore[®]
insulation technology

Warmer. Quieter. Stronger.

Gallery[®] Collection doors featuring Intellicore[®] insulation technology represent the ultimate smart choice for homeowners. Clopay's Intellicore is a proprietary polyurethane foam that is injected into a garage door, expanding to fill the entire structure. The result is a door with incredible strength and durability. Its dense insulation also produces a quieter door, while its industry-leading 18.4 R-value provides year-round comfort and improved energy efficiency. Smart, indeed.

- Exterior steel on standard color doors has a natural woodgrain texture.
- Doors can be painted to match the home's exterior using a high-quality latex exterior paint. Do not use oil-based paint.

Due to the printing process, colors may vary.

ULTRA-GRAIN® PAINT OPTION

Ultra-Grain® Medium Finish

Ultra-Grain® Dark Finish

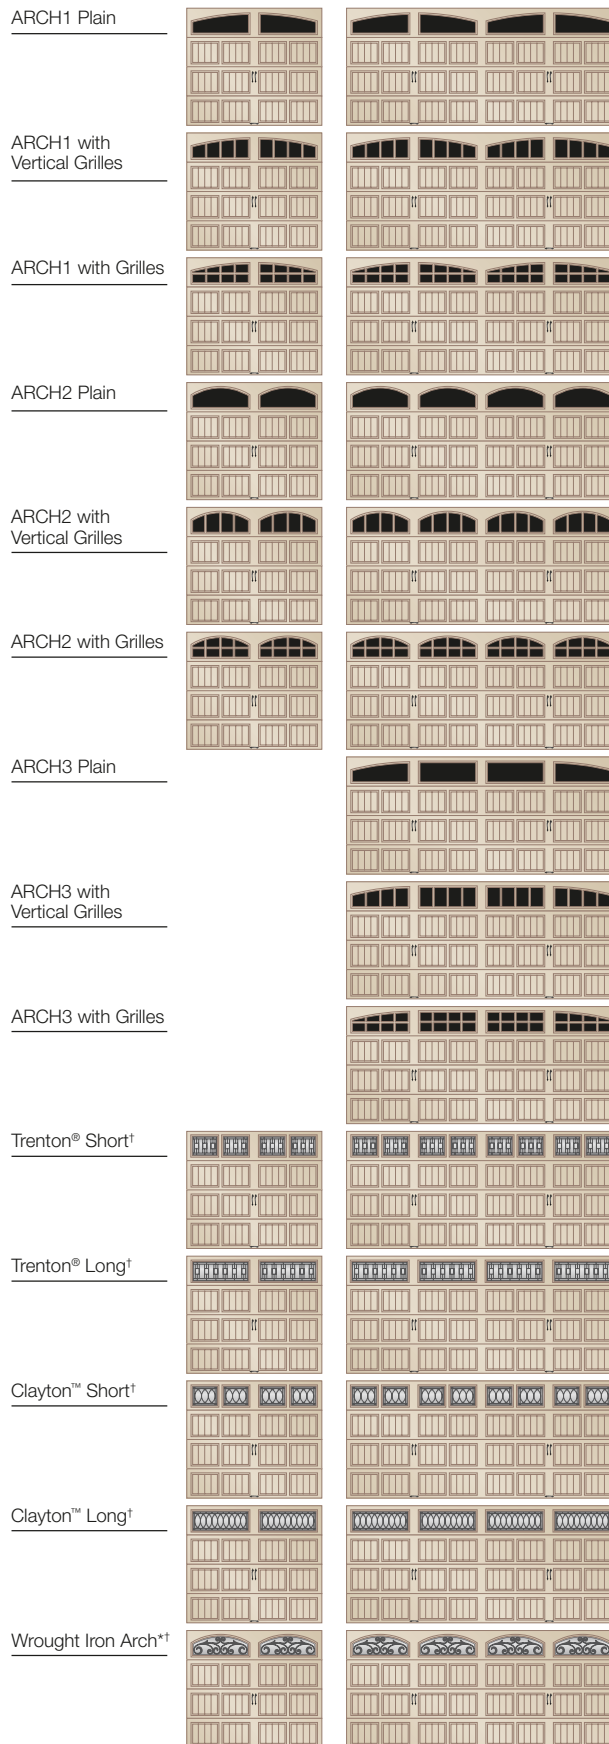

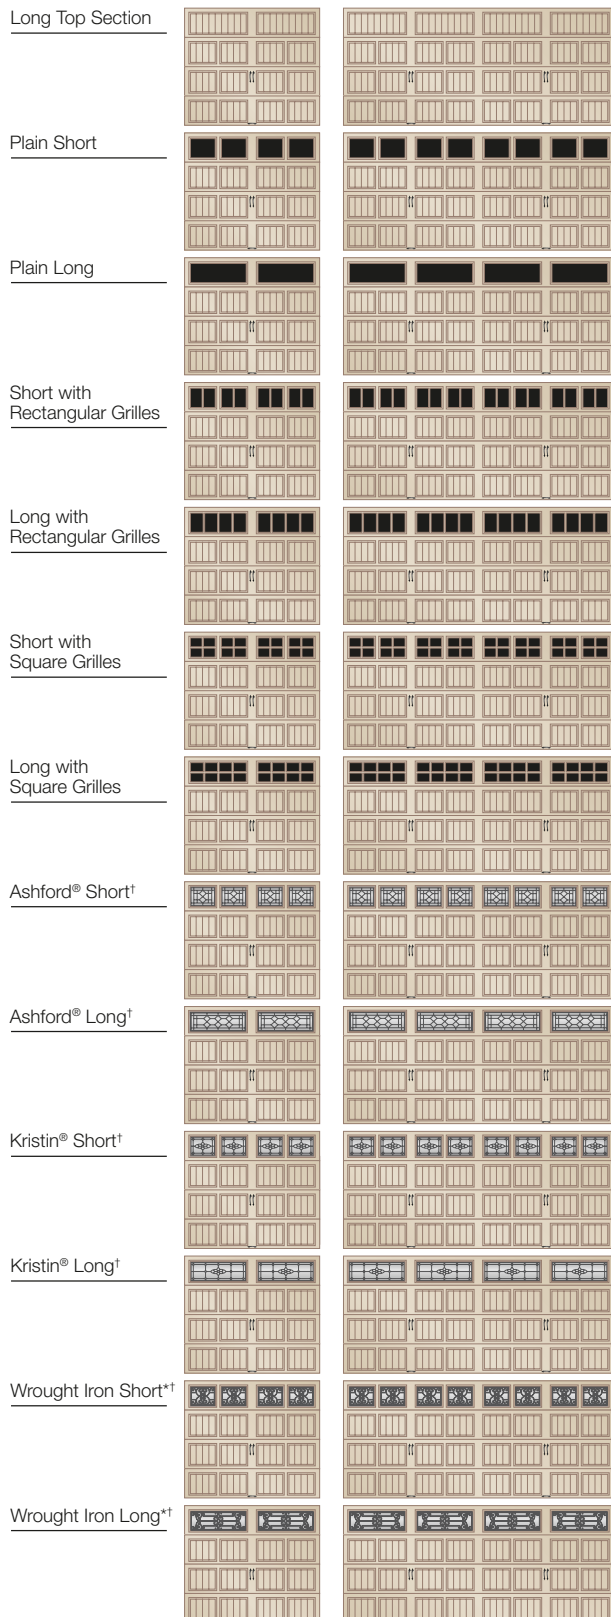

Ultra-Grain® Walnut Finish

- Painted steel surface simulates a real stained door without the need of staining and the ongoing maintenance of wood.
- Woodgrain runs horizontal on stiles and vertical on panels for an authentic, natural look.
- Available in Medium, Dark or Walnut finishes that complement Clopay Entry Doors, shutters and other exterior stained wood products.
- Exterior steel surface on an Ultra-Grain® painted door has a stucco texture to create a more natural woodgrain appearance.
- Window frames, grilles and inserts are color matched to coordinate with the Ultra-Grain® patterns. All window options are available.

Long and short windows may be used in any Gallery® 3-layer model. Double strength glass is standard. Optional obscure, 3/4" insulated and 3/4" insulated obscure glass are available on all Gallery® 3-layer models, Wrought Iron and decorative grilles.

Additional Features

Large authentic arch window designs. Ultra-Grain® window frames, grilles and inserts are color coordinated to Medium, Dark and Walnut finishes.

Energy-efficient thermal break. Polyurethane model shown.

- 2" or 1-3/8" thick sandwich construction consisting of exterior and interior steel skins filled with Intellicore® polyurethane or polystyrene insulation makes these doors strong, energy efficient and quiet.
- Hot-dipped galvanized steel interior and exterior skins with a baked-on primer and top coat help ensure a virtually maintenance-free door with long-lasting beauty.
- Nylon rollers are quiet and durable.
- Corrosion-resistant, aluminum bottom weatherseal retainer and vinyl astragal help seal out the elements.
- See your Clopay Dealer for WINDCODE® door availability.

A FOCUS ON green

Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment.

The Gallery® Collection three-layer construction helps conserve natural resources by providing a durable, reliable, low-maintenance, energy efficient door. Long-lasting steel doors and hardware are impervious to moisture and will not rot, warp or crack, and the steel used in Clopay's doors is made from over 75% recycled content. All Clopay doors are made in the U.S., minimizing shipping, damage and handling.
